

Streetscape Sponsorship

You can be a part of Martinsburg's future while celebrating its history!

As a part of the Martinsburg Borough's Streetscape Project, the community is being invited to participate in this exciting time for our town. 24 eight feet high solar pole lights will be installed at various locations along the town center district. These lights are for decorative purposes and are not intended to replace the existing lighting or serve as the main source of illumination.

Businesses and home owners are being encouraged to support our towns' beautification project by sponsoring one (or more) of the solar lights. Small plaques will be attached to the sponsored pole with the name of the business or family. This would make a lovely memorial for a loved one or friend.

The total cost of each lamp post sponsorship is \$450. All orders must be paid in advance with the deadline being August 1, 2014.

If you are interested in participating in this once-in-a-lifetime opportunity, please fill out the sponsorship form below and return it to the Martinsburg Borough office with payment before the deadline.

Yes! I/We would like to participate in the Borough of Martinsburg Streetscape Project by sponsoring a decorative solar lamp post.

Name (Family/Business) _____

Contact Person _____
